

Box Tops for Education

Hello Jefferson Bears! Did you know that our school collects Box Tops for Education labels? We collect them to help our school earn money. We can spend this money on new materials and supplies to help *enhance* our learning! Labels can be collected from baking and bakeware products, cereal boxes, food storage containers, frozen foods, and many more items! After you collect them, you can turn them into your classroom teacher, the main office, or the physical education office.

Check out the Box Tops for Education website to learn more!
